how poignant it is to look at some of Gould's beautiful images of our animals and know that some are no longer with us and some are fighting for their lives in this book author Fred Ford compares Gould's world and the world that the animals live in at that time with the world today John Gould's Extinct and Endangered

mammals of australia includes 46 australian mammal species that today are threatened or extinct and that were portrayed in the lavish colour plates in john gould's 1863 publication the mammals of australia each animal opener spread begins with a gould plate accompanied by at a glance a very short summary the conservation status according to the epbc environment protection and biodiversity conservation list the species names a map of its former and current distribution and sites of reintroduction and a timeline of the species history since european colonisation accompanying the pictures are accounts of the animals as they lived in the relatively untouched australia that john gould knew and evidence of the attitudes of european settlers towards the native fauna the author provides the reader with fascinating and often poignant material and stories of what would be considered today as shameful behaviour and attitudes towards australia's native fauna in this book are not only sobering stories of the fate of these animals after gould's time but also success stories of reintroducing species to places ridding areas of introduced pests and preserving habitat

almost half a century ago the australian national university's tb millar penned a seminal book on australian defence policy in the lead up to the vietnam war today australia's defence forces are returning from long conflicts overseas while the rise of china and the economic integration in the indo pacific presents a complex mix of challenges and opportunities drawing inspiration from millar's original volume australia's defence towards a new era brings together leading experts to examine the domestic and international context of australia's defence policy australian strategy and the size and state of our armed forces as the country heads towards a new era this book provides an in depth overview and key insights into the past present and future of australia's defence

australian climate policy and diplomacy provides a well overdue critique of existing and high profile publications that convey the greenhouse mafia hypothesis which posits that australia's weak policy response to climate change is the result of a menacing domestic fossil fuel lobby ben l parr argues that the shared government industry discourse about protecting australia's industrial competitiveness has had a more decisive influence in shaping and legitimising australian climate policy than the direct lobbying tactics of the fossil fuel industry parr also reveals how the divergent foreign policy discourses and traditions of australia's two major political parties as internationalist versus alliance focused have enabled and constrained their climate diplomacy and domestic policies over time to demonstrate his argument he presents a discourse analysis woven into a chronological policy narrative comprising more than 1000 primary texts media releases interviews and speeches generated by prime ministers and key fossil fuel lobbyists overall this volume illustrates how domestic forces have and are influencing australia's climate policy in doing so it also provides a framework that can be adapted to examine climate mitigation policies in other countries notably canada and the us this book will be of interest to students and scholars of climate change environmental policy and governance and australian climate change policy and politics more specifically as well as policymakers and practitioners working in these fields

this book reports changes in gp ordering of imaging tests in australia from 2002 03 to 2011 12 and evaluates alignment between guidelines and recent gp test ordering for selected problems over the decade 9 802 gps participated in beach providing details of 980 200 gp patient encounters the likelihood of gps ordering imaging in the management of a problem increased over time in recent practice at least one imaging test was ordered at 9 of encounters at a rate of 10 imaging tests per 100 encounters diagnostic radiology was the most commonly ordered type of imaging test but the order rate decreased over time with a shift toward orders for ultrasound ct and mri which all significantly increased eight selected problems accounted for one third of all imaging orders imaging ordering behaviour suggests broad compliance with published guidelines in the management of osteoarthritis shoulder problems bursitis tendonitis synovitis abdominal pain and other musculoskeletal injuries current ordering patterns for knee problems and some sprains strains have potential for improvement the ordering pattern for new presentations of back problems was inconsistent with all established guidelines for management of back problems

australia has always been reliant on great and powerful friends for its sense of national security and for direction on its foreign policy first on the british empire and now on the united states australia has actively pursued a policy of strategic dependence believing that making a grand bargain with a powerful ally was the best policy to ensure its security and prosperity dangerous allies examines australia s history of strategic dependence and questions the continuation of this position it argues that international circumstances in the world and in the western pacific especially now make such a policy highly questionable since the fall of the soviet union the united states has also changed dramatically making it less relevant to australia and a less appropriate ally on which australia should rely malcolm fraser argues that australia should adopt a much greater degree of independence in foreign policy and that we should no longer merely follow other nations into wars of no direct interest to australia or australia s security he argues for an end to strategic dependence and for the timely establishment of a truly independent australia

this book investigates and explains the extent to which different liberal democracies have resorted to the use of force since the 9 11 terrorist attacks the responses of democratic states throughout the world to the september 2001 terrorist attacks have varied greatly this book analyses the various factors that had an impact on decisions on the use of force by governments of liberal democratic states it seeks to explain differences in the security policies and practices of australia canada france germany and the uk regarding the war in afghanistan domestic counterterrorism measures and the iraq war to this end the book combines the concepts of strategic culture and securitisation into a theoretical model that disentangles the individual structural and agential causes of the use of force by the state and sequentially analyses the impact of each causal component on the other it argues that the norms of a strategic culture shape securitisation processes of different expressions which then bring about distinct modes of the use of force in individual security policy decisions while governments can also deviate from the constraints of a strategic culture this is likely to encounter a strong reaction from large parts of the population which in turn can lead to a long term change in

strategic culture this book will be of much interest to students of strategic culture securitisation european politics security studies and ir in general

the 6th edition of principles of marketing makes the road to learning and teaching marketing more effective easier and more enjoyable than ever today s marketing is about creating customer value and building profitable customer relationships with even more new australian and international case studies engaging real world examples and up to date information principles of marketing shows students how customer value creating and capturing it drives every effective marketing strategy the 6th edition is a thorough revision reflecting the latest trends in marketing including new coverage of social media mobile and other digital technologies in addition it covers the rapidly changing nature of customer relationships with both companies and brands and the tools marketers use to create deeper consumer involvement

marcus atkinson is a super swimmer not but his dad is convinced that marcus has magic in his arms and legs marcus is a maths whiz who is not good at sport his dad is a self help author who thinks marcus can achieve anything he sets his mind to with hilarious results in illustrated diary format marcus s gentle satiric humour and comic drawings will have readers laughing out loud while learning a surprising amount about sport

although there have been numerous studies of the causes and consequences of the great financial crisis of 2007 2010 in the us and abroad many of these were undertaken only for a small number of countries and before the financial and economic effects were fully realized and before various governmental policy responses were decided upon and actually implemented this book aims to fill these voids by providing a more thorough assessment now that the worst events and the regulatory reforms are sufficiently behind us and much more information about these developments is available it reviews and analyzes the causes and consequences of and the regulatory responses to the great financial crisis particularly from a public policy viewpoint in the process it explores such intriguing questions as what caused the crisis how did the crisis differ across countries what is the outlook for another crisis and when this is a must read for those who are trying to find answers to these questions

marcus atkinson is a track and field titan not but his dad is convinced that marcus has magic in his muscles marcus is a maths whiz who is not good at sport his dad is a self help author who thinks marcus can achieve anything he sets his mind to with hilarious results in illustrated diary format marcus s gentle satiric humour and comic drawings will have readers laughing out loud while learning a surprising amount about sport

a tender and beautifully illustrated tale of a boy and his bird watching uncle on a paddling trip on australia s glenelg river a story about slowing down growing up

and connecting with the land and its creatures all children need an uncle egg to open up the magical world of nature we all need to get outside away from television computers and mobile phones and what better way than a canoeing camping trip this is a delightful story about the joy of the outdoors david suzuki rivertime is a quirky charming immersion into the life of a waterway and into the life lessons a river can teach maya ward author of the comfort of water
